

Clairemont Girls Fastpitch will be hosting a Fall Ball Season. Teams from other leagues are welcome to participate in our Fall Ball league. Games will be played against teams from other leagues and also from other Clairemont teams. Clairemont Girls Fastpitch will be providing the fields and the scheduling of umpires and games for all the divisions. Each team will be responsible for paying for their umpire fees, procuring uniforms and providing a game ball. All managers, coaches and players will need to provide a copy of their 2010 ASA card.

Clairemont Girls Fastpitch Softball League will not be sponsoring any teams for the 2010 Fall Travel Ball season. However, that doesn't mean that there won't be any Clairemont-based Fall Ball teams. If you are interested in coaching or playing, please read-on.

The purpose of Fall Ball teams is to continue the season for those girls that are interested in playing softball past the spring season.

All girls that sign up may not be selected to a team. The season is not CGFP sponsored; therefore, team selection is at the discretion of those that have been selected to coach and manage.

Teams may choose to play at Clairemont Girls Fast Pitch, GSF, or as an independent travel team. Each team is solely responsible for determining its fee structure, procuring uniforms, arranging practice, obtaining insurance, provide game balls and equipment, etc.

Players that have not been placed on a team may signup on the CGFP web page at <http://www.cgfp.org/?Info=M05-FallBall>. Prospective managers and coaches may use this list to find players, or may use other resources as appropriate. Players will be contacted by a team coach or manager if selected. Please do NOT contact any league board members to see if you were selected.

Registration requirements for a team that has a complete roster
